

Packard Claims Administration

DISCLOSURE OF CLAIMS INFORMATION TO THIRD PARTIES

Packard Claims Administration, Inc. (Packard) is a third party administrator/servicing agent who administers claims for the insurance carriers, Lion Insurance Company (Lion) and State National Insurance Company (State National), involving the insured, Southeast Personnel Leasing, Inc. (SPLI). In master policy states, SPLI is listed as the only insured on the policy. In multiple coordinated policy states, SPLI is again listed as the only insured on the policy, but with an L/C/F designation.

Packard is able to legally disclose claims information to the insurance carrier, Lion or State National, and the insured, SPLI. Packard restricts the disclosure of claims information to third parties, including the client companies of SPLI, insurance agents, insurance brokers and salespeople as full disclosure of claims information to these third parties may result in multiple violations of HIPAA privacy laws as well as a potential waiver of attorney/client privilege and/or work product protections.

Packard is unable to respond to requests for additional claims information from third parties, including the client companies of SPLI, insurance agents, insurance brokers and salespeople absent a subpoena or court order mandating the disclosure of such additional information. Packard can only disclose the claims information reflected on this loss run to third parties.
